

ACCESSORIES

Smart Charger

Charge, update, and sync your fleet automatically

DESIGNED IN

Belgium

About this Product

Network-connected 20-slot charger for Trend, Style, Mini Trend, and Mini Style audioguides. It keeps devices charged, downloads the latest content automatically from the Look2Guide CMS, and uploads visitor statistics live to your web platform.

REAL WORLD PROJECTS

Vincent van Gogh Immersive Exhibition

BRATISLAVA, SLOVAKIA

Kandinsky: The Music of Colors

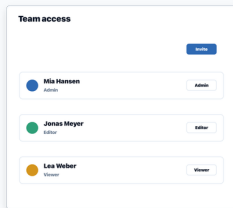

PARIS, FRANCE

Mont Saint-Michel Abbey

NORMANDY, FRANCE

Key Features

Automatic CMS Updates

Connect the charger to Ethernet and it downloads the latest content and device drivers from the Look2Guide CMS. Perfect for venues that want fresh content on every device with minimal staff handling.

Live Visitor Statistics

Upload usage statistics automatically through the internet and view them live in Look2Guide. Update frequency is configurable, with sync cycles available as often as every 10 minutes.

Modular 20-Device Charging

Charge up to 20 audioguides at once through magnetic slots in a compact, stackable design. Install units side by side or on top of each other to scale your operation.

USB Offline Fallback

Need to work without a network? Update content or drivers offline through the USB port and keep your fleet running even when internet access is limited.

Technical Specifications

SOFTWARE

- | Automatic content downloads from Look2Guide CMS over Ethernet
- | Live statistics uploads accessible in the Look2Guide web platform
- | Configurable sync frequency up to every 10 minutes
- | Remote content and driver updates via internet
