

AUDIO GUIDES

Trend

Fun and versatile

DESIGNED IN

Belgium

About this Product

The fun and versatile audio guide. Proven for reliability and low operational costs, without compromising on interactive capabilities. Used in landmark projects such as Casa Batlló in Barcelona.

REAL WORLD PROJECTS

Mont Saint-Michel Abbey

NORMANDY, FRANCE

Galleria dell'Accademia

FLORENCE, ITALY

Lobkowitz Palace

PRAGUE, CZECHIA

Key Features

Unmatched Battery Life

Save on operational costs with battery life for more than two months of real-world use. You won't need as many staff to charge and manage the devices, so you can focus more on your visitor experience.

Customizable Sticker

Customize the Trend, promote your brand identity, or advertise temporary exhibitions with your own design!

Precise Location-Based Triggering

Automatically trigger content as visitors approach using RF or infrared with 10cm precision. Battery-powered boxes last years, proven by millions of visitors.

Buzz & Play

Approach a target to trigger audio content with vibration feedback. A fun and intuitive way to interact with your exhibits.

Technical Specifications

SOFTWARE

- | Easy programming with intuitive PC software

- | Online or offline content updates (USB / SD card)
- | Comprehensive usage analytics
- | Live usage statistics accessible online
- | End-of-visit reports via email with Look2Guide
- | Built-in security features
- | Support for 32 languages with unlimited content

HARDWARE

- | More than two months of real-world use (100+ hours continuous playback) with fast cha...
- | 16GB storage for rich audio content
- | Premium audio with headphone jack
- | Advanced wireless connectivity
- | Integrated 2.4 GHz digital tour-guide system
- | Multiple triggering options: IR, RF, RFID, Point & Click, Buzz & Play, keypad
- | Effortless magnetic charging
- | Modular 20-unit racks for charging and updates
- | Compact design: 155 × 58 × 18mm, 150g
- | All-weather durability (-10° to 50°C)
- | Award-winning construction with proven reliability
- | Sleek and ergonomic design. Lightweight, modern, and user-friendly
- | Customizable front surface for branding or temporary exhibitions
- | Ready for self-service operation
- | Up to 5-year warranty
- | Optional high-contrast Braille keypad with integrated Braille dots on each button.

More Features

Video Synchronization

Trigger and synchronize with external videos by IR, RF, Keypad, Buzz & Play, or Point & Click. Each visitor can then listen to audio content in their own language, with lip-accurate synchronization.

Point and Click

Trigger messages by pointing and clicking at a target. The targets run on two AA batteries, providing years of operating time, thereby avoiding maintenance and cabling constraints. They are customizable and

Low Operational Costs

An exceptional battery life means you need fewer chargers, less space, and fewer staff to manage charging and distribution, making the Trend a market leader in low operating costs.

Premium Audio

Crystal-clear audio with integrated high-quality speakers. Our high-quality headphones can also be connected to the Trend's 3.5mm jack for an even more immersive audio experience.
