Edge

Professional earpiece solution

DESIGNED IN

Belgium

About this Product

Professional earpieces that let you enjoy high-quality audio while staying connected to your surroundings. With one ear free, you can fully engage with the experience while remaining aware of your environment.

Key Features

Superior Single-Ear Audio

Experience premium sound quality through a single ear while maintaining connection with your surroundings. The Edge delivers crystal-clear audio that rivals traditional headphones while keeping one

5-Star Ergonomics

Easy to position and exceptionally comfortable for extended wear. At just 80 grams, visitors can explore for hours without fatigue. The lightweight design ensures maximum comfort throughout the entire

Detachable Kevlar Cable

Professional-grade maintenance with detachable cable system. The reinforced Kevlar cable ensures exceptional durability while making repairs simple and cost-effective. No need to discard units when

Compact Distribution

Significantly smaller storage footprint compared to traditional headphones. The Edge's compact design solves critical space constraints at distribution counters, making it ideal for museums and sites
