Key Features

High-Quality Display & Audio

Enjoy vivid visuals with a 5.5" HD touchscreen and clear, integrated speaker audio for immersive tours.

Precise Location-Based Triggering

Automatically trigger content as visitors approach using RF or infrared with 10cm precision. Battery-powered boxes last years, proven by millions of visitors.

All-day Battery Life

Ensure your visits go uninterrupted thanks to the 7000 mAh battery and efficient processors.

Low Operational Costs

Thanks to our compact and modular charging system, your team can easily manage and keep track of all devices. Simply slide the tablet into the slot to charge, thanks to its magnetic pogo-pin charging
